Thanks Dan. I should know more after my briefing which will likely be later next week.

Have a Merry Christmas!

Subject: Re: West Lake Landfill public meeting

Shawn, the draft agenda is in development. My powerpoint will touch on the project history from the ROD to the present, discuss the recent groundwater and gamma data, and project some next steps for the process (but not a schedule, as we don't have one at this point). Attendees will include me, DeAndre, Cecilia, Audrey Asher, and several folks from our office of public affairs. Shawn Grindstaff will facilitate the meeting.

If you could let me know who from MDNR will attend, when that is decided, that would be great. Otherwise, the only thing I know we need from you is a MDNR/SWP person to speak to the SSO issue and his/her talking points and/or powerpoint on that topic. The sooner we get the SSO information, the better we can coordinate EPA-MDNR participation in the meeting presentation.

Thanks,
Daniel R. Gravatt, PG

Subject: West Lake Landfill public meeting

Dan,

I know that EPA is still finalizing the details for the West Lake Landfill public meeting, but do you have any other information you can share at this time such as draft agenda and EPA attendance list? I am working on my briefing to MDNR upper management and expect these are questions that will dictate our level of participation. Also, if you have any other requests/questions from your upper management, I can pass these along during my briefing.

Thanks,
